Grading Scale

Score	Meaning	Descriptor
5	Advanced	Performs skills consistently at game speed and impacts outcomes
4	Strong	Reliable execution and sound decision making
3	Developing	Functional in game play, developing consistency
2	Emerging	Demonstrates some skills but inconsistent in games
1	Beginner	Learning fundamental skills and understanding

Assessment Categories - Players are scored 1–5 in each of the following:

- **Basketball Skills:** Dribbling, shooting, passing, rebounding
- **Game Understanding:** Decision-making, positioning, court vision
- **Athleticism:** Speed, agility, endurance, strength
- **Team Play:** Communication, movement, unselfishness, defense
- **Coachability:** Attitude, effort, listens to feedback, team spirit

Final Player Category (Average Rounded to 1 Decimal Place)

Average Score	Category
4.5 – 5.0	Advanced
3.5 – 4.4	Strong
2.5 – 3.4	Developing
1.5 – 2.4	Emerging
1.0 – 1.4	Beginner

If Proposing Division A (Performance Development Environment)

- Majority Developing or Strong players
- Limited Advanced players
- Normally no Emerging or Beginner players unless approved
- Players ready for higher-paced competition

If Division B (Inclusive Development Environment)

- Majority Emerging or Beginner players
- Some Developing players for structure
- No Strong or Advanced players unless approved
- Focus on development, confidence and retention

Instructions:

Each player must be graded 1–5 in all five domains.

Total score is divided by 5 to determine the average.

Average must be rounded to one decimal place before assigning final category.
