- an abandoned game;
- cancellation of a fixture;
- venue closure;
- a medical emergency;
- power or lighting failure;
- fire or evacuation; or
- any other exceptional circumstance recognised by the HBA Board,

Where the eligibility or registration status of a player is questioned after a game has commenced, play must not be suspended solely for the purpose of investigating the player's registration, clearance, payment status or administrative eligibility.

8.7.3 Referral and continuation of play

The concern must be referred to the Authorised HBA Official and the player's details recorded. Subject to clause 3.3, the game must continue and the player's eligibility must be determined after the game in accordance with these By-Laws.

8.7.4 Circumstances in which a player may be prevented from continuing

A player may be prevented from continuing during the game only where:

- (a) the player presents an immediate health or safety risk to themselves or another person;
- (b) the player has been disqualified or ejected under the applicable rules of basketball;

8.7.6 Referee and HBA administrative authority

A referee retains authority over the rules of basketball and immediate on-court safety. Administrative matters concerning player registration, clearance, eligibility and competition penalties are determined by the Authorised HBA Official or the HBA Board, as applicable.

8.7.9 Consequences of ineligibility

Where the player is subsequently determined to have been ineligible, the applicable consequence or penalty under these By-Laws must be applied after the game. Completion of registration or payment after the game does not, by itself, retrospectively establish that the player was eligible at the time of participation.

8.7.10 Recording and communication

Where an eligibility concern may affect the game result, premiership points, player eligibility or another competition outcome, the determination and reasons should be documented and communicated to the affected teams as soon as reasonably practicable.

A junior player participating in either a pooled or non-pooled competition will qualify for their allotted team by playing at least five (5) games for that team during the season.

A junior player may play up a division to fill in for a team in a pooled competition throughout the season. The player may fill in for multiple teams, provided they play no more than four (4) games and only to enable that team to have a maximum of six (6) players. Prior to the commencement of the finals series, where a player has filled in for multiple teams within the pooled competition, the Competition Coordinator will determine the team for which the player will be eligible to participate in the finals, taking into consideration the principles of fairness and competitive balance.

It is preferred that fill-in players are of a similar standard and ability to the player they are replacing.

8.8(b) Filling in for a team in a non-pooled competition

A junior player participating in either a pooled or non-pooled competition will qualify for their allotted team by playing at least five (5) games for that team during the season. A junior player may play up a division to fill in for a team in a non-pooled competition throughout the season, but only for one nominated team. They may play a maximum of four (4) games for that team and only to enable the team to have a maximum of six (6) players.

This also applies during the finals series, with the player remaining eligible only for their nominated team. It is preferred that fill-in players are of a similar standard and ability to the player they are replacing.

8.9 Byes do not count as scheduled rounds. For clarity in the junior competition only: if a player competes in multiple divisions in a round, only one of the scheduled games will be counted towards eligibility. The game of which the junior is intending to qualify in or has qualified in will be the game counted.

8.10 Byes do not contribute to qualification quotas.

8.11 In senior divisions, a player may play three (3) games of a higher senior grade without being made a higher grade player. On taking the court for the fourth (4) game however, a higher grade classification is awarded. Seniors can only play one (1) game per round unless one of the games is division one (1).

8.12 In junior divisions, players may participate in up to three (3) games per season in a higher junior grade, provided team compositions remain consistent with the quotas set out in the Junior Player Grading Process. Players may move up either from a lower age division or from a Division B competition into a Division A competition within the same age group.

8.13 No player (junior or senior) can play in a lower grade than the grade they nominated for on the team entry form.

8.14 A Senior player may play two (2) games in one (1) round during the home and away season. Players may only play two (2) games in one (1) round for a maximum of three (3) times per season except for Finals Series.

8.15 A junior player may play a maximum of two (2) games in any one round, including squad games.

8.16 Any player eligible for the Junior Competition must have an indemnity form signed by their parent/guardian allowing them to play in Senior Competition. This must be submitted to HBA prior to playing their first game.

8.17 Players must be 13 years of age or older by 31 December of the playing year to participate in senior competitions.

8.18 Any player wishing to be added to a club or team after the submission of team entries must complete a Permission Grading Form. The HBA will implement the review process to assess Permission Grading Forms and advise the player of their eligibility prior to them taking the court. Failure to comply with this requirement will result in the player being deemed ineligible and, if applicable, fined in accordance with By-Law Section 9.

8.19 A player may apply in writing through his/her Club/Team secretary to the Competition Grading Committee at any time for permission to be redeemed to a lower classification. Such application must be endorsed by the Club/Team stating whether the application is favored or not.

8.20 No player can drop back (2) or more grades without the permission of the relevant Competition Grading Committee. Further, no Division 1 graded player can drop back at all without permission of the Competition Grading Committee.

8.21 Junior players competing in “under” age competitions must be under the age requirement of the division as at December 31 of the year in which that season ends.

8.22 No senior player may participate with another club or team in junior matches unless their senior club or team has no junior team competing. In such cases, the player may participate with another junior team; however, they must remain registered with their senior club or team until formally cleared.

8.23 No junior player may participate with another club or team in senior matches without first obtaining a season permit. If the junior club/team has no senior team competing, the player can be registered with another senior club/team. If the player is participating in a pooled competition their originating club is deemed their club. Forms can be found on the HBA web page.

8.24 Junior players are permitted to play for their club in the senior competition, however, they are required to complete the Senior permission grading form, if approved, they can participate without completing the online registration process.

8.25 A player cannot play a lower grade on their bye week if they are registered in a team of a higher grade.

8.26 A player shall cease to be a member of any club/team after being unregistered for a period of at least two (2) seasons.

Unless using score sheets, then these must be completed fully by score bench officials.

14.1.1 The twenty four (14/24) second clock will operate in Division 1 Men's Competition only.

14.1.2 In games played with a 14/24 second clock, the score bench will be manned by three scorers, two of whom will represent the first named team on the score sheet, and one of these scorers will operate the 14/24 second clock.

14.1.3 No participating player or coach is permitted to score (unless they score and do not play or coach that entire game).

14.1.4 Games will not commence without a competent scorer from each team present. The team that does not supply a competent scorer will be penalised 10 points in each half. The 10 points can be allocated to the "Team Score" if using Stadium Scoring.

14.1.5 If neither team supplies a scorer, the clock shall be started on time and after the expiration of ten (10) minutes, if no scorer is provided, the game will be forfeited.

14.1.6 Each minute or part thereof a team is late, the opponents are awarded one (1) point. If a team is fifteen (15) minutes late, the match is then forfeited. All forfeits will be recorded as a (0-20) loss. Scorers must record start time of game for penalty purposes.

15.0 GAME CANCELLATIONS

15.1 Where games are cancelled due to extenuating circumstances (e.g., power failure, wash outs, OH&S issues, leaking roof etc.) the complete round will be cancelled if all teams in that division are affected. However, if not all teams in the division are affected, those who have had their games cancelled will be awarded two (2) premiership points each and the bye team will be awarded three (3) premiership points. All players registered at that date will be deemed to have played the game and will be awarded a game towards finals eligibility. After half time, the game result stands.

16.0 FINALS SERIES

16.0 The four (4) leading teams in each grade shall comprise the final four (4) and will play finals in accordance with the Page System. If less than four (4) teams, the Competition Committee shall determine the system used.

16.1 If two (2) or more teams involved in the final four (4) cannot be separated by points average or percentage then the higher position on the ladder will be determined by the results of games between these teams during the regular season.

16.2 If they are still deadlocked, then the percentage in these games will be taken into account.

16.3 In the event that they are still even, then a playoff game(s) between these teams will take place.

16.4 To play in a final series, a player must have played in at least five (5) games or in half of the eligible games in the respective grade for their team, whichever is the lesser. A player who has played in at least five (5) matches for their club may play in a higher division grand final and Division 1 final series, but is restricted to participating in only two (2) senior grand finals and two (2) junior grand finals per season.

16.5 Any junior player who qualifies, according to the current by laws, to play in the final series, shall be permitted to play in all finals matches they qualify for, except that a younger age group player can only play in a higher semi, preliminary or grand final to make a maximum of seven (7) players and is restricted to playing in two (2) junior grand finals per season. All teams must continue to meet the quotas outlined in the Junior Player Grading Policy when participating in finals.

16.6 A player who has taken the floor for any part of a match shall be deemed to have taken part in such game and shall count as one of the eligible games required for finals series qualification. The names of the players registered to the team on the scoresheet/tablet prior to the start of the game are the only players eligible to take part in that game. Any player whose name is entered into stadium scoring on game night shall be investigated and if found ineligible will be penalised in accordance with By-Law section 9. A Player shall be deemed to have taken the floor if the team in which that player is registered does not play in a round due to the opposition team forfeiting that match. A bye is not a qualifying game nor is a player in a forfeiting team.

16.7 To have been deemed to have taken the court, the referees must have ticked the player in on stadium scoring or scoresheets.

16.8 Club/Team with outstanding fees/fines, qualified to participate in the finals series, must pay such fees/fines before taking the court. Failure to do so will mean such club/team forfeiting finals matches and not participating in finals.

‘NO ZONE RULE’ FOR AGE GROUP LEVELS

The following rules apply to U10 to U14 levels inclusive as directed by Basketball Victoria.

A restriction to a team's defence only occurs from the centreline, where teams must apply Man to Man principles.

Please note U16:

No restrictions on defence with the exception that if a team has a 20 point or more lead it is not permitted to extend its defence beyond half-court.

Exceptions:

If the opposing team has less players (4 vs 5) / (3 vs 4), a team has no restrictions as to how they play defence.

In this scenario, if a team has a 30 point lead that team must then defend Man to Man from half court.

Interpretation Of Team Responsibilities

Definition – Illegal Zone:

"Any defence played in the half court which incorporates any player consistently guarding an area of the court and not guarding a specific opponent.

" Beware of Static Offences.

There may be occasions when a team employs an offence which is devoid of cuts apart from perhaps V-cuts to enable players to get open and as a result the defence may appear to be in a zone.

For instance:

- A coach may employ a 4 out, 1 in set, keeping the post man static on one block (looking to seal as the ball is reversed).

- Perimeter players remain in areas (focussing on looking for opportunities from ball reversal to set up their man and relying on dribble penetration to create scoring opportunities).

As a consequence of the offensive set the defence may well look similar to a two-three zone.

When determining the style of defence being played, it is important to include in the evaluation the style of offence being employed. The benefit of any doubt must go to the defence.

Trapping out of Man to Man may require brief zoning principles on rotation. Example:

- Offensive wing weak-side beats his man and penetrates baseline side.

- Post defender leaves his man to trap or double team with the dribbler's opponent.

- Rotate defender from other side of the floor at the top of the key to the split line near the baseline.

- Ball side defender at the top of the key "zones" the two offensive players at the top.

This is a legitimate man to man strategy and is not to be confused with illegal zones. When a pass is made out of the trap or double team, all players must rotate back to a single opponent.

Switching on Screens or Pass, Cut and Replace is also legitimate and not deemed illegal.

Note: The success of the No Zone rests entirely with the coaches. The Competition Manager shall be called upon to observe potential zone defences and report to the relevant Senior or Junior Competition delegate.

Penalty:

Clubs believed to be breaching this rule must be reported to Hamilton Basketball. The competition manager or relevant committee member will view the game. If further breaches occur, HBA must be informed in writing through a club delegate.

- If a club is found to be in breach: first offence – counselling.

- Continued breaches – Hamilton Basketball will issue further penalties.

APPENDIX 3: FINES

Ineligible player played after notification: \$100 per indiscretion

Flagrant breach of uniform after notification: \$50 per indiscretion

- 1st Forfeit – Notified: \$0

- 1st Forfeit – Un-notified: \$80

Clubs/Teams that withdraw a team after the season fixture is published will forfeit their team entry fee/bond and pay a fine of \$250.

APPENDIX 4: JUNIOR PLAYER GRADING POLICY

Effective Date: 14 AUG 2025

Review Date: 2026

Approved By: HBA Board

1. Purpose

The purpose of this policy is to establish a fair, transparent, and developmentally appropriate system for grading and selecting junior players into HBA teams. The 3–2–1 system enables consistent evaluation and supports team placement that fosters both individual growth and competitive balance.

2. Scope

This policy applies to all junior basketball players, coaches, grading selectors, and team coordinators involved in HBA domestic competition.

3. Grading Philosophy

Hamilton Basketball Association is committed to:

- Prioritising player development and enjoyment
- Promoting inclusiveness and fairness
- Providing pathways for progression into higher levels of competition
- Forming balanced teams that promote competitive equity

4. Grading Framework

Players are scored using a simplified grading scale:

Grade	Descriptor	Definition
3	High-Level Player	A dominant or leading player in their age group. Demonstrates advanced skills, excellent game awareness, consistent effort, and can positively influence a game at a representative level.
2	Solid Team Contributor	A consistent and capable player. Shows solid fundamentals and a good understanding of the game. Contributes effectively in team play. May have some areas to refine.
1	Developing Player	A player still learning the core aspects of the game. Demonstrates effort, coachability, and potential. Requires more time and support to develop foundational skills and game confidence.

Average grading score:

- 2.6–3.0: High-Level Player
- 1.8–2.5: Solid Team Contributor
- 1.0–1.7: Developing Player

5. Evaluation Criteria

Players are assessed across five key domains:

Area	Indicators
Basketball Skills	Dribbling, passing, shooting, footwork, layups
Game Understanding	Court awareness, spacing, timing, decision-making
Athleticism	Speed, agility, vertical leap, endurance
Team Contribution	Defense, help positioning, effort plays, communication
Coachability	Listens to instruction, resilience, attitude, respect for teammates/coaches

6. Grading Process

- Grading is conducted by the club of nominating team.
- Two graders are recommended to score players using the 3–2–1 system.
- Scores are averaged to determine a player's final grade.

7. Team Formation and Selection Guidelines

The primary goal of team formation is to ensure that players are placed in teams appropriate to their current skill level, development needs, and ability to contribute positively to team dynamics. While grading scores provide an objective basis for team selection, the final team composition also considers balance across positions, team cohesion, and overall competitiveness within each division.

Team Composition Guidelines Using 3–2–1 Framework

To support player development and competitive equity across teams and competitions, the following team composition limits apply:

Team Level	Maximum Grade 3 Players	Maximum Grade 2 Players	Additional Notes
A Team	3	Flexible	Remaining spots filled with Grade 2 or strong Grade 1 players
B Team	1	Up to 4	Remaining spots filled with Grade 1 players

8. Appeal and Review Process

Hamilton Basketball Association recognises that team placements may occasionally require review due to unforeseen circumstances or concerns about grading outcomes. This process ensures fairness, transparency, and development-focused decision-making.

Team Review Requests

- Clubs or team delegates may submit a written request for a team review up until the completion of Round 3 of the domestic competition.
- Requests must include:
 - Specific reason(s) for review (e.g., team imbalance, under/over-grading concerns)
 - Any supporting observations or documentation
 - Contact person for follow-up

- Requests should be submitted to the HBA secretary.

Independent Review Panel

Upon receiving a valid request, HBA will appoint a minimum of two independent graders to reassess the players in question.

Independent graders:

- Must not be coaches or parents involved in the age group or team being reviewed
- May include experienced coaches, HBA selectors, or qualified external observers

Players will be reassessed using the same 3–2–1 Grading Framework over one or more game or training observations.

Outcome and Recommendation

Following reassessment, the grading panel will:

- Provide updated scores and written comments
- Make a formal recommendation to the HBA Executive Committee

Recommendations may include:

- No change to team structure
- Player movement(s) between teams
- Adjustments to team grading or competitive division
- All decisions will be made in the best interest of the player's development and competition balance, and will be final once approved by the Committee.

9. Review and Updates

This grading and team selection policy forms part of the Hamilton Basketball Association (HBA) By-Laws and will be reviewed annually prior to the commencement of the summer domestic competition.

The review process will be led by the HBA Board.

Input will be sought from coaches, club delegates, and relevant stakeholders based on outcomes from the previous season.

Any amendments must be formally endorsed by the HBA Board and will be updated within the HBA By-Laws.

APPENDIX 5: MINI HURRICANES PROGRAM – UNDER-10 POOLING SYSTEM TRIAL

Summer Season 2025–2026

Purpose

To implement the Mini Hurricanes Program as a trial Under-10 pooling system that:

- Builds player skills through equitable, development-focused games.
- Supports retention and engagement in basketball from the earliest age groups.
- Creates a mentoring pathway for emerging junior coaches.
- Aligns with HBA By-Laws 5.7 (pooled competitions), 8.9 (pooled eligibility), and Appendix 2 (Under-10 Junior Development Rules).

Background

Strong Delegate Support

The concept of player pooling has been discussed within the association over several years, with a previous vote held on the idea. While it had not been a recent focus, the concept was raised again by the club delegates during discussions about introducing an A and B tier structure for the Under-10s in the upcoming summer season.

Following this renewed interest and strong consensus from the delegates to explore pooling, the HBA has prepared this proposal to trial the model in the Under-10 age group.

Current Challenge

The Under-10 competition is currently experiencing uneven skill distribution across teams, resulting in lopsided games and reduced player enjoyment.

This imbalance creates two main issues:

1. Players in stronger teams are often restricted from playing to their full potential, limiting their development and enjoyment.
2. Players in weaker teams can face heavy defeats week after week, leading to frustration and disengagement.

As a result, the competition is struggling to retain players who have had a poor introductory experience to basketball. Addressing this imbalance is critical to ensuring every player has a fair, enjoyable, and developmentally appropriate start to the sport.

•By-Law & Strategic Support

- By-Law 5.7 enables pooled competitions.
- By-Law 8.9 outlines how player eligibility is managed.
- Appendix 2 specifies that Under-10s are a non-scoring developmental grade.

Strategic Opportunity: Under-10s can be the entry point for both player skill development and coach education, setting the foundation for higher age groups.

Program Structure

1. Registration Process

•Stage 1 – Registration:

- All players register via PlayHQ under the Mini Hurricanes program.
- Families complete an Expression of Interest (EOI) via PlayHQ.
- Friendship Focus: Families can nominate up to three friends their child would like to play with. Maintaining these friendship groups will be a key priority to ensure a fun, familiar, and supportive first basketball experience.

Stage 2 – Team Allocation & Grading:

- After junior competition registrations close, players will be graded and allocated to teams in line with the Junior Player Grading Policy.
- Once teams are finalised, parents will be sent a link via PlayHQ to complete the full registration for the Under-10 Mini Hurricanes competition.

Uniforms:

- Trial season: Repurposed Hurricanes Squad uniforms will be used, with ample supply in good condition — avoiding new purchase costs during the trial.
- Ongoing seasons: New reversible red/blue uniforms (Hurricanes branding) provided for games; colour worn will depend on match-up. Uniforms must be returned at season end.

Contingency & timelines: The summer season timeline provides ample time to work with clubs if the proposal is not adopted, allowing for a smooth return to the traditional Under-10 club structure without disruption.

2. Team Selection & Player Movement

- Preseason Selection: Teams formed prior to the start of the season using the HBA Junior Player Grading and Team Selection Policy (Appendix 4 – 3–2–1 system).

Mid-Season Adjustments: Players may be moved between teams during the season to improve competitive balance and ensure the best possible development environment.

Two-Tier Structure:

- Two tiers (similar to A and B grades) depending on numbers.
- Teams balanced by skill level, with friendship groups kept together where possible.

Aim: Create a competition that challenges players appropriately while focusing on skill development and positive experiences.

3. Weekly Games

- Games follow Appendix 2 – Under-10 Development Rules:
- No scoring, ladders, or finals.
- Lowered rings, size 5 ball, person-to-person defence only.
- Coaches may be on court to assist players.
- Players may be swapped during games to even up numbers.

4. Exemptions to Play Higher Grades

Existing HBA By-Laws regarding players moving to higher grades will continue to apply. Players in Mini Hurricanes may play for any Under-12 team for up to three (3) games per season without reclassification.

On taking the court for a fourth game, the player will be deemed an Under-12 player for the remainder of the season (By-Law 8.15).

5. Coaching & Mentoring (Including Whole-Group Training)
Format: Training delivered as one combined group earlier in the week rather than as separate team sessions.

Benefits:

- Consistent delivery of core skills.
- Greater player interaction across teams and tiers.

Court Allocation:

- Tier 1 Boys
- Tier 2 Boys
- Tier 1 Girls
- Tier 2 Girls

Coach Mentoring Program

Mentor–Mentee Pairing: Experienced coaches paired with junior/aspiring coaches.

Guidance Areas: Warm-ups, skill activities, defensive principles, rotations, and parent/player communication.

Operational Model: Rotating roster of experienced coaches attending weekly training.

Dual Purpose: Player skill development + coach education.

Accreditation Support: HBA will cover costs for Basketball Victoria Community Coach (Level 0) accreditation where possible.

Trial Period & Review

- Trial: Summer Season 2025–2026.
- Mid-Season Review: Feedback from players, parents, coaches, and club delegates.
- End-of-Season Evaluation: Retention rates, skill progression, and coaching pathway engagement to guide future decision.

Benefits

For Players	For Coaches	For Clubs	For HBA
Balanced games, improved skills, broader social interaction	Mentoring pathway, accreditation support, strengthened coaching base	Reduced forfeits, better retention into higher age groups	Aligns with development and retention strategies, scalable model

Recommendation

It is proposed that:

- This proposal be included as an Appendix in the HBA By-Laws and released for public comment.
- Following public comment, the proposal be put to a vote at a Special Meeting with two options:
 1. Approve the Mini Hurricanes Program and conduct the trial in the 2025–2026 Summer Season.
 2. Retain the current Under-10 competition structure.
